

## Job Description – Power BI Developer

**Job Role:** Power BI Developer

**Status:** Full-time position

**Location:** Spain, Portugal and U.K. and other locations will be considered

Are you ready to embark on a thrilling growth journey? We have an exciting opportunity for a Power BI Developer based in Spain, Portugal and U.K., where you can immerse yourself in a fresh, agile, and entrepreneurial environment. If you are passionate about Computer Science or boast 2-3 years of experience in a similar role, we want to hear from you!

### Why Join Us?

At Redslim, we believe in fostering talent and creativity. We offer more than just a job; we provide a journey of skill-building and personal fulfillment. As a Power BI Developer, you use a deep understanding of data and client requirements to develop front end solutions for our clients. The role involves understanding the data and tools to propose solutions for new deliverables and to support and update a wide range of existing business applications. Communication skills are important as you will liaise with internal and client stakeholders at all levels.

### Your talents are:

- Technologies: Excel, Power Query, Power BI, SQL, DAX, VB/VBA (Experience with Tableau, Qlik, or similar tools is a plus).
- Data Visualization: Showcase your creativity in transforming client requirements into captivating reports and data visualizations.
- Languages: Fluency in English is a must; proficiency in Spanish and/or French is a definite advantage.

### What We're Looking For:

- **Innovative Mindset:** Be a technology enthusiast with intellectual curiosity, a self-starter who thrives on continuous improvement, and a change driver.
- **Entrepreneurial Spirit:** Embrace an entrepreneurial mindset, demonstrating agility and a quick learning ability.

- **Team Player:** Build strong internal and external relationships as a highly qualified team player.
- **Autonomy:** Display a highly autonomous work style, coupled with a goal-oriented and ambitious approach.
- **Results-Driven:** Thrive in challenging situations, showcasing competitiveness and a results-oriented attitude.
- **Communication Excellence:** Possess excellent communication and interpersonal skills.
- **Proactive Learner:** Be open-minded, proactive, eager to learn and grow, and ready to take on responsibilities.
- **Language Proficiency:** Fluent in English, our vibrant working language.

### **Join us in Spain, Portugal and U.K.:**

This role is based in the vibrant cities Spain, Portugal and U.K., where culture, history, and innovation blend seamlessly. If you are ready to be a part of a pioneering team, shaping the future of technology, we invite you to apply.

### **How to Apply:**

If you're enthusiastic, forward-thinking, and passionate about Power BI, we want to meet you! Click the Apply Now button and let's embark on this exciting journey together.

Join us, where innovation knows no bounds, and your career takes flight!
